HYDRILLA QUALITY MANAGEMENT POLICY

Hydrilla Management and Staff commit to pursuing excellence in all aspects of the company's business and have established a Quality Management System for construction and related activities to achieve the following:

- a) To attain and sustain the quality of products and/or services to continually meet our customers stated or inferred needs.
- b) To provide confidence for our customers that the intended quality will continue to be achieved in the delivered product.

The quality system encompasses all processing and supportive activities, inclusive of all work methods, to ensure the policies and procedures established are sustained and continually reviewed for their effectiveness.

It is the responsibility of each Hydrilla employee to ensure that a high quality of work is implemented and achieved in activities performed.

In the event of any complications occurring, irrespective of their severity, they are to be addressed and corrected promptly with the appropriate technical expertise and efficiency.

The Hydrilla quality management system has been developed in line with **ISO 9001:2015 Quality Management Systems – Requirements**

The signature below indicates the Hydrilla quality management system has been reviewed and approved for its intent and implementation.

DATE: 30/01/2023

SIGNED: 

A copy of the Quality Policy will be displayed in prominent locations throughout the company's physical location. It is the responsibility of the Management Team to ensure that it is understood, implemented and maintained at all levels within the organisation.
